**Subject:** RE: Technical Subcommittee for QAPP

Curtis and possibly someone from CDPHE will be calling in.

The call in number is [Personal Phone/Ex. 6]

Passcode [Personal Phone/Ex. 6]

If you have any problems calling in please call my number below and ask for Sheila.

#### Draft Agenda

- 1) Current EPA sampling in San Juan County Colorado and La Plata County Colorado
- 2) Current sampling plans
- 3) Download of information on the Algae Sampling including sites, field analysis, lab analysis and ongoing sampling
- 4) Where are you in the process of intermediate and long term sampling
- 5) Thoughts on how this technical subcommittee will interact with EPA and CDPHE in the formulation on ongoing sampling and interpretation of results.

See you today 10:00am.

Thanks

Peter R. Foster, P.E.  
Vice President

**Subject:** RE: Technical Subcommittee for QAPP

Steve, I have not been able to find the sampling plan that you are currently operating under on the EPA website.

Here are some general topics for our meeting tomorrow morning

- 1) What is the sampling you are currently conducting in San Juan County Colorado and La Plata County Colorado
- 2) Are you sampling currently under a QAPP and can we get a copy of existing monitoring plans.
- 3) Download of information on the Algae Sampling including sites, field analysis, lab analysis and ongoing sampling
- 4) Where are you in the process of intermediate and long term sampling

5) Thoughts on how this technical subcommittee will interact with EPA in the formulation on ongoing sampling and interpretation of results.

Pat or Lliane, let me know if you are going to attend and if so, do you need call in information.

Anything else you or others would like to add.

Thanks,

Pete

Great, 10:00am Monday morning, August

I met with Steve again today and he can make the 10:00am meeting at my office.

Please note that I had an error in Steve's e-mail address on the initial e-mail that I sent out for the meeting.

Thank you

Pete

**Subject:** Technical Subcommittee for QAPP

I spoke with Steve Wharton yesterday and wanted to follow up on scheduling a meeting for next week. Steve is our contact for now at EPA and is involved in the long term monitoring plan. He

is leaving town on Thursday morning, so he is available Monday, Tuesday morning early afternoon, or Wednesday.

How about 10:00am on Monday morning at the Wright Water Engineers office (1666 N. Main). Does that work for everyone?

Patrick, I am sure you are already involved in the process, but wanted to keep you in the loop. I can provide a call in number if you are not in town.

Also, Steve if you have a recent draft of the proposed QAPP it would be nice to have prior to the meeting.

Please let me know,

Thanks

Pete.
